

**Al Yanes
President**

Al Yanes serves as president of the PCI-SIG and is a senior technical staff member for IBM in the Engineering & Technology Services Group. With 18 years of experience working with ASIC design in the I/O industry, Yanes holds 17 US patents for PCI and other I/O technologies.

Yanes also holds a position as chairman of the PCI Bridge workgroup and serves as the PCI and PCI-X technology expert for the IBM Rochester office and Server Group. Yanes is involved in ASIC design for IBM's Engineering and Technology Service Group.

Yanes holds a BS in computer engineering from Rensselaer Polytechnic Institute.

About the PCI-SIG

The PCI-SIG is the Special Interest Group that owns and manages PCI specifications as open industry standards. The organization defines and implements new industry standard I/O (Input/Output) specifications as the industry's local I/O needs evolve. The PCI Special Interest Group was formed in 1992, and the organization became a nonprofit corporation, officially named "PCI-SIG" in the year 2000. Currently, more than 860 industry-leading companies are active PCI-SIG members worldwide. The PCI-SIG's current directors are employed by the following PCI-SIG member companies: AMD, Broadcom, HP, IBM, Intel, LSI Logic, Microsoft, Phoenix Technologies, and Texas Instruments. For more information about the PCI-SIG, and PCI-SIG membership benefits, contact the PCI-SIG by phone, at (503) 291-2569 (within the United States), or by fax at (503) 297-1090, or visit the PCI-SIG web site at: www.pcisig.com.
